## KNIGHT OF THE ROAD

The intensive nationwide search for the Knight of the Road commences today. It will take a month, and in town, country, on main roads and bye-roads, in fact everywhere, Umpires will be on the lookout for Israel's most courteous driver. He won't be the best driver; since the duration of the search will only last a mouth, and luck must therefore inevitably play some part in the selection. Everybody who holds a steering wheel and exercises courtesy has a chance of winning the medal which entitles him to be called "Israel's Knight of the Road."

הדרכים 1952

THE MEANING OF "KNIGHT OF THE ROAD" On the decision of the Umpires, Medals together with diplomas confirming the worthiness of the trust placed in them on receipt of their driving licences will be presented to the selected few at a special ceremony. The title will only be given for one year but the honour will be everlasting.

WHO WILL BE THE KNIGHT OF THE ROAD?

Keep the ten commandments of care and courtesy on the Road :

1) Observe pedestrian crossings: 6) Dont blind with glaring headlights:
2) Signal correctly:
3) Overtake correctly:
4) Keep entry open from road to road:

COURTEOUS DRIVES SAVE LIVES

The drive for the most courteous drivers has been organized by the police Traffic Department to take place during the month of May. It aims to improve standards of road behaviour. The Commandments, as outlined above, comprise normal traffic rules, the need of which has been demonstrated beyond doubt by the fact that in every traffic accident at least one of these rules has been broken. Umpires have been chosen from every walk of life including Judges, Newspapermen, Army Representatives, Transport Concerns, Automobile Clubs, etc. etc. These Umpires will be found everywhere in all the Districts of Brael and will make notes of the most courteous drivers from which to select the Knight of the Road of 1952.
